U. S. DEFENSE COUNCIL TALKS OF PROHIBITION

Nation Used \$145,000,000 Worth of Foodstuff to Make Liquor in 1916

LARGER CROPS AND BETTER MARKETS ARE PROPOSED

Farm Labor and Munitions Making Discussed By Governors

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Representatives of all states including a number of governors met today with the council of National Defense to promote unification of the nation's energies and resources for the war by closer co-operation between federal and state agencies. The delegates, many of whom were chairmen or members of state councils of defense, were to be received by President Wilson and to hear addresses by Secretaries Baker, Wilson and Assistant Secretary of Agriculture Raymond A. Pearson and will hear other officials tomorrow.

Among the questions up for discussion were: Prohibition during the war to conserve food materials ordinarily used for liquor; encouragement of larger crop production and better marketing methods; labor supply, particularly for farm work; and industrial conditions affecting output of munitions and other war supplies.

Governor Harris of Georgia, presented the prohibition question and urged the other governors to recommend it as a war measure to the president and to people of their states. A department of agriculture report was cited showing that in 1916, \$145,000,000 worth of grain and other food materials were consumed in liquor manufacture in the United States. Fermented liquors took \$101,000,000 and distilled liquors \$44,000,000. The largest item was \$75,000,000 worth of malt, \$23,000,000 of corn, and \$18,000,000 of molasses.

Agents of the department of agriculture explained to the state representatives plans for organizing the United Boys Working Reserve for summer farm work. City boys, particularly in the east and middle west would be employed in canning factories and arrangements already have been made with the national canners association to ascertain what extra help will be needed.

Governors who respond to invitations to attend the conferences included: Harris, of Georgia; Harding, of Iowa; Milliken, of Maine; Boyle of Nevada; Edge, of New Jersey; Frazier, of North Dakota; Lister, of Washington; Cornwell, of West Virginia; Alexandria, of Idaho, and Manning, of South Carolina.

RUSSIANS SUFFER HEAVY LOSSES ON RUMANIAN FRONT

[ASSOCIATED PRESS TELEGRAM] Berlin, May 2, via London.—Severe fighting was begun on the Rumanian front yesterday. The war office announces that a Russian attack on the heights north of the Oltz Valley was repulsed and that heavy losses were inflicted by the Germans.

GERMAN U-BOATS SINK 75 VESSELS OWNED IN NORWAY

[ASSOCIATED PRESS TELEGRAM] Christiania, via London, May 2.—Seventy-five Norwegian vessels were sunk by German submarines in April and more than 100 sailors lost their lives. If such a monthly loss was maintained Norway's merchant navy would be destroyed in a year and a half.

TWO MORE ADDED.

[ASSOCIATED PRESS TELEGRAM] London, May 2.—According to the Central News the Norwegian foreign office has announced the sinking of the Norwegian steamers Hectoria and Langland by German submarines. The crews were saved.

HOUSE GIVES TWO BILLIONS FOR ARMY

Washington, May 2.—The urgent deficiency bill appropriation approximately \$2,827,000,000 for war expenses, passed the House today with Representative London, Socialist, casting the only negative vote.

MINERS GET INCREASE.

Huntington, W. Va., May 2.—More than 10,000 bituminous coal miners in the Thacker-Williamson field in Mingo county, this state, have been granted a wage increase of ten per cent, according to announcement by the operators. The increase will date from May 1 and is the third granted in the district within four months.

SILENCE STILL CONCEALS REAL GERMAN PLIGHT

Rumors Tell of Strikes and Unrest But No Tangible Information

TEUTONIC PRESS GROWS BOLDER IN ITS DEMANDS

Deadlock On Fighting Front Continues and Criticism is One Result

[ASSOCIATED PRESS TELEGRAM] New York, May 2.—Beyond an officially inspired dispatch from Berlin stating that no disorders occurred in Germany during May Day the veil of secrecy which has been drawn over the situation in the Central Empires remains unbroken as far as any direct news is concerned. News dispatches from the German frontier speak of great strikes and rumors pile upon rumors in regard to the growing unrest among the Teutonic nations but there is little that is tangible on which to base a judgment. Everything points to a crisis having been reached in the internal affairs of both Germany and Austria but the outcome is uncertain.

The demand for internal reforms is growing louder and more insistent in Germany and the newspapers are voicing this demand with a boldness never known since the commencement of the war. The one certain thing of significance is that the German government is proceeding to unheard of lengths to prevent the outside world from learning the truth of the situation.

The speech which was to have been made in the Reichstag by Dr. von Bethmann-Hollweg, the German Imperial chancellor, on peace and international relations has been postponed to a more fitting occasion, according to word received in Copenhagen.

The storm of criticism against the chancellor is steadily growing in bit.

UNWRITTEN LAW IS DEFENSE IN VIRGINIA TRIAL

[ASSOCIATED PRESS TELEGRAM] Christiansburg, Va., May 2.—The trial of Professor Charles E. Vawter charged with murdering Stockton Heath Jr., entered its second day today with the defense resting on pleas of the "unwritten law," and self-defense.

Prospects were that both Mr. and Mrs. Vawter would be called to the stand before court adjourned.

The defense as outlined by Attorney Calhoun in his opening statement to the jury was that Heth had been a frequent visitor to the Vawter home at Blacksburg, Va., and had treated Vawter with liquor. Vawter after finding his wife in a compromising situation with Heth more than once protested both to Heth and Mrs. Vawter and an agreement was reached whereby Mrs. Vawter was to avoid Heth and Vawter was to quit drinking.

But on the night of March 13, according to the defense attorney, the Vawters returned home from a theatre and found Heth awaiting them with intoxicants. The party drank and retired. Later Heth came to the Vawter's bedroom with the liquor and they drank again. Vawter, according to the attorney, awakened about 2:00 o'clock in the morning and found Mrs. Vawter absent. He ran into the hall and saw her entering the room of the little Vawter boy. He ran downstairs for a revolver followed by Mrs. Vawter who remonstrated with him. Returning up stairs he met Heth on the landing. There was a struggle and he shot Heth.

FRANCE AND ITALY GET 100 MILLION OF ALLIED LOAN

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Loans by the United States government of \$100,000,000 each to France and Italy will be made immediately and will bring the total advances to the allied nations to date to \$100,000,000. In announcing sums for France and Italy, Secretary McAdoo said that Russia, Belgium and Serbia.

The secretary announced that another block of treasury certificates, possibly \$200,000,000 would be issued immediately. They will mature July 17, bear 3 per cent interest and be convertible into bonds. An announcement regarding the bond offering is looked for before the end of the week, however.

URGES FULL PROHIBITION.

Columbus, Ohio, May 2.—The Ohio Dry Federation, which will have charge of the campaign this fall to vote Ohio into the dry column, today adopted resolutions petitioning Congress not to place an increased war tax on intoxicating liquors, but to suppress the liquor traffic entirely.

CANCELS ORDER NAMING AMERICANS AS ENEMIES

[ASSOCIATED PRESS TELEGRAM] London, May 2.—The German authorities have ordered the immediate cancellation of the Berlin order placing American residents there in a status of enemy subjects, says an Exchange Telegraph dispatch from The Hague yesterday.

The order, adds the message, is regarded as a blunder, the German foreign office arguing that Germany does not consider herself at war with the United States. Americans, it is stated, will still be subject to police supervision.

CAN LIST SEVEN MILLIONS IN 15 DAYS, WAR DEPT.

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Registration of approximately seven million men for military service will be completed within 15 days after the war department's machinery has been set in motion. State election systems will do the work under the supervision of the federal government, the voting precincts being the units for all recording of the men.

Registration cards have been distributed by the census bureau to mayors of many cities and towns and the most remote sections will be supplied before the registration day to be set by Presidential proclamation after the army bill has been signed. A period of 15 days will intervene, probably between the issue of the call and the opening of the registration. Five days will be allowed to complete registration and within 30 days the completed roll will be in Washington.

FRENCH ADMIRAL SAYS U. S. FLEET WILL HASTEN END

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Vice Admiral Chocheprat, representing the ministry of marine in the French mission here, declared in a statement today he had "every reason to hope that we shall succeed in establishing the closest possible co-operation between the American and the allied navies for the assurance of freedom of the seas, the protection of trade and the triumph of our rights."

The admiral's statement follows in part: "The government of the French republic has bestowed upon me the great honor of choosing me to represent the French navy in the commission present in this country. I have been for two years in command of a squadron of battleships in the Mediterranean, and on my return home I was put in charge of our coast defense and of sea trade protection."

"I have therefore seen all that can be seen of naval warfare; my government has ordered me here to lay before American naval men the practical realization of warfare that is ours after three years experience and by so doing to let our American comrades have the benefit of what we in Europe have learned."

"The United States is in possession of the most powerful fleet in the world next to the British, and this bound to weigh heavily in hastening the day when final victory will be wrung from the foe."

"Your navy is wonderfully equipped, and I really felt amazed when I chanced to see recently some of its units, among them the battleship Pennsylvania and those trim looking destroyers that came out to meet us at sea. There is no need to praise your naval personnel. Throughout my long sea life it has often happened that I have come across American men-of-war and I am pleased to say that on every such occasion that very high merit of officers as well as the perfect training of their men have aroused my intense admiration. What I have seen here since my arrival serves only to emphasize my previous impressions. And so I am sure that the American navy is ready to support in the most advantageous fashion the cause of the allies now shaping a course toward victory."

"You must not expect me to discuss in detail our general war plans, especially as regards our campaign against enemy submarines. I need only say that that is a question claiming priority above all others. I have every reason to hope that we shall succeed in establishing the closest possible co-operation between the American and allied navies for the assurance of the freedom of the seas, the protection of trade and the triumph of our rights."

Y. M. C. A. WORKERS MEET FOR CONFERENCE ON WAR

[ASSOCIATED PRESS TELEGRAM] Cleveland, May 2.—Conference of members of the Ohio Y. M. C. A. War Council will be held here today. Prominent men from all sections of Ohio are here to attend a luncheon this noon at which Dr. John R. Mott, international secretary of the Y. M. C. A., will speak.

Dr. Mott will tell of the work being carried on by the Y. M. C. A. in Europe and outline the plan of welfare work to be done at training camps in this country this summer.

ALL GUNNERS ON TANK STEAMER ACCOUNTED FOR

Lieutenant Thomas is Still Missing and is Believed to Have Drowned

MORE SURVIVORS LANDED RESCUED BY PATROL BOATS

Members of Crew Reach Liverpool After Perilous Experience at Sea

[ASSOCIATED PRESS TELEGRAM] Liverpool, May 2.—The safety of Captain Harris, five gunners and the third mate and boatswain of the American tank steamer Vacuum, all of whom had been given up for lost, was made known by the captain himself in a telegram received here today by the American consul, H. L. Washington. This telegram reduces the loss of life to 23, about 13 of this number being Americans. It increases to eight the number of gunners saved. It also places the loss from the crew at 18, and the saved at 18.

The captain's meagre telegram gave the first definite news of the loss of Lieutenant Thomas, U. S. N., and the death from exposure of F. E. Loree, but did not tell how the survivors reached land. Five gunners arrived safely with Captain Harris.

The Americans who were rescued appeared before the United States consul today and made affidavits which will be forwarded to the state department at Washington.

The following members of the Vacuum's crew were lost: Frank J. Yerney, second mate, naturalized Belgian, New York.

John Kirk, chief engineer, naturalized Scott, New York.

Francis J. Davidson, assistant engineer, naturalized Swede.

W. H. Crans, steward, Brooklyn.

Thomas Ellis, mess boy, Albany, N. Y.

S. Michaelson, quartermaster, Pedro Villalon, Chilean.

N. Rios, A. Oris, R. Tervis, L. Vistern, W. Garvey, J. Dazalla, firemen.

L. K. Rasmussen, B. Olsen, A. Pascuala, D. Ethlamilla, seamen.

J. Muller, cook, (may be Joseph Muller, Brooklyn).

[ASSOCIATED PRESS TELEGRAM] London, May 2.—Nine survivors, including Captain S. S. Harris, from the American oil tank steamer Vacuum which was sunk by a German submarine Saturday, have been landed. This makes 27 men saved from a total of 45 aboard the vessel.

Captain Harris wired to the offices of the Vacuum Company that he and Third Mate E. D. Husted, of Mt. Vernon, N. Y., the boatswain, and six runners were picked up by a patrol boat and landed.

The safe arrival at Liverpool yesterday of three other gunners from the Vacuum, Frank M. Lasher, John Nichols and George T. Wilson was reported last night. All of the naval guard on the Vacuum has now been accounted for.

OFFICER LOST LIFE

[ASSOCIATED PRESS TELEGRAM] Liverpool, May 2.—Lieutenant Thomas, U. S. N., lost his life by the sinking of the Vacuum, according to a telegram received today from Captain Harris by the American consul here, H. L. Washington.

Captain Harris also reports that Frank H. Loree died of exposure.

TIGHTWADS, END SEAT HOGS AND OTHER "DEVILS" ARE SCORED BY EVANGELIST BROMLEY LAST NIGHT

helped to swell the large audience which filled the tabernacle. Dr. Evans of Dayton had a few words to say and he urged co-operation in the campaign.

The evangelist handled his sermon without gloves and his shots hit the mark every time. He first attacked Newark on general principles. "Quite a few people in Newark have a devil in them," he declared frankly. "Newark's no anteroom to heaven—hell by a long shot."

The first devil, selfishness, was assailed. Selfishness as typified by the "end seat hog" in a street car, was especially derided. Women came in for their share but in spite of this came back for more.

Covetousness was the name of the second devil. The evangelist stated that many people had never stolen a cent, yet would go to hell because they coveted their neighbors' possessions.

The third devil, Tight-Wadishness, fled before the evangelist's attack. He declared that a circus or carnival could draw a great deal of money from a town yet a revival could hardly make expenses and a little over. "There are men," he said, "who can spend \$5 over a saloon bar but if their wife wants

NEUTRALS WILL CONTINUE TO GET AMERICAN FOOD

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Dr. Paul Ritter, Swiss minister, conferred with President Wilson yesterday on food conditions in Switzerland, expressing concern that the United States might provision the entente allies might lessen the supply of food for his country. The President reiterated assurances given to other neutral diplomats that the American government had no intention of shutting off supplies to neutral nations unless it should prove absolutely necessary.

13 ARE MISSING FROM AMERICAN BOAT TORPEDOED

London, May 2.—The American steamer Rockingham has been sunk by a German submarine. Thirteen men are missing.

Two boats containing thirty-three men were picked up yesterday, one by a patrol vessel. One boat containing 13 men is missing.

The Rockingham carried 49 men, including many Americans. The crew numbered 36, the naval contingent consisted of a lieutenant and 12 men. The value of the ship and her general cargo was \$3,250,000. The vessel was due in Liverpool today.

The Rockingham carried guns and a United States naval crew when she left Baltimore, her owners said.

The American steamship Rockingham, formerly the steamship Nebraska, was of 4,405 tons gross. When under the name Nebraska the Rockingham was torpedoed off the British coast less than one month after the Lusitania was sunk. A long controversy ensued between the United States and Germany, the latter finally admitting that a U-boat made the attack. The Nebraska, damaged, headed for Liverpool and conveyed by British ships reached port safely. No one on board was seriously hurt.

CREW ABANDONED LAKE STEAMER IN FURIOUS STORM

[ASSOCIATED PRESS TELEGRAM] Sandusky, May 2.—The captain and seven members of the crew of the steamer Case of Windsor, Ont., which burned and sank yesterday off East Sister Island, in Lake Erie, today were on the way to their homes in an exhausted state following their narrow escape from death.

The steamer Case, bound from Cleveland for Detroit, with 2,000 tons of coal, sprung a leak early yesterday morning off East Sister Island, after battling a 50-mile gale during the night. When she began to settle, those aboard put out in a life boat. An engineer in making a hasty getaway kicked over a lantern and set the boat on fire.

Government life savers from Marblehead Light found the men on East Sister Island, which is uninhabited, in an exhausted condition, their life boat having been all but swamped several times. When the storm abated last night, the life savers landed the crew at Marblehead, O.

FLOUR MILL DAMAGED.

[ASSOCIATED PRESS TELEGRAM] Chicago, May 2.—Fire did \$15,000 damage to the plant of the H. A. Eckhart Milling company here today and caused the fall of a 50,000 gallon water tank, which gave rise to reports that the building had been bombarded. There was no loss of life.

U-Boat Menace Is Serious, Sec. Lane Tells Governors

Four Hundred Thousand Tons of Shipping Destroyed Last Week; Threatening Existence of France and Great Britain and Alarms United States

MUST FIGHT WITH ALLIES OR COMBAT ENEMY ALONE ON THIS SIDE OF OCEAN

Importance of Building Ships Rapidly is Shown to Governors In Council of National Defense—Warns America Against Discontent and Attack Upon the Government—Finds American Factories Unprepared to Make Cloth For Nation's Biggest Army—Secretary Baker Says Administration's Army Plans Subject to Change Without Notice

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—Secretary Lane told the governors conferring here today with the Council of National Defense on the part of state governments will take in the war, that the federal government had heard 400,000 tons of shipping had been sunk in the last week by German submarines.

The destruction Secretary Lansing said, was not only threatening the existence of England and France but was alarming the United States. Study of inventions to combat the submarine menace is being diligently pursued in the interior department, he said.

The United States must build ships as rapidly as possible, he told the delegates.

"If we don't fight the war on the other side," he said, "we shall have to fight it on this side of the Atlantic."

Lane declared he believed the war would last several years and that every resource of the country must be brought into play to bring to a successful conclusion.

"Many persons thought," said Secretary Lane, "that all we had to do was to issue bonds and the Germany would howl her head in submission. Nothing could be farther from the truth. We do not know when this war will end. Personally, I believe it will last several years. Herbert C. Hoover has informed this government that Germany has food enough to last two years, perhaps longer."

"Germany has put up the greatest fight of history and she has the advantage of now fighting a defensive warfare. Don't go back home and inspire your people with the thought that immediate action can bring this war to an immediate end."

Besides Secretary Lane the state representatives heard Secretary Baker and Secretary Daniels, Assistant General McCain and Judge Ad-

vocate General Crowder, of the army. Later they were received by President Wilson.

The three secretaries declared the one need of America and the allies now is ships. Secretary Lane warned his hearers against discontent and attack on the government. Always, he said, there was dissatisfaction with those who are directing a war and he urged his hearers to base their criticism on facts and not on rumor. Secretary Baker asked the state representatives to co-operate with the government in putting into operation the army draft law. He told of military and industrial preparations and described difficulties the government faces.

"In obtaining supplies for the army," said Secretary Baker, "we are having to organize through the Council of National Defense and through you all the way back to our raw resources. We are raising the greatest army in the country's history and the defense council has had to go into the factories and back to the farms for supplies. We have found there are not enough factories in the country making army cloth to supply our forces. We are getting the helping of the country's business men and are arranging to supply our armies with all they need as rapidly as possible."

"Do not grow impatient if it appears that things are moving slowly. We are in great need of supplies and so are the allies. We cannot permit all our supplies for our army and navy but must care also for the allies needs."

Secretary Baker said nothing directly concerning an early expeditionary force abroad but declared that the American military policy was subject to change at short notice.

Secretary Daniels asked the aid of the states in recruiting the naval personnel to 150,000 men after the new bill is passed.

BRITISH MISSION HAS 10 DAYS' WORK YET TO BE DONE

[ASSOCIATED PRESS TELEGRAM] Washington, May 2.—The British mission expects to be here at least ten days longer. Then the party will leave for New York and possibly a short trip into the middle west. Several experts will remain permanently in Washington to help work out the arrangements agreed upon and to reinforce the staff of the British embassy. Included would probably be a shipping, munitions, food and trade expert.

Today was devoted largely to detailed discussion especially in following out the shipping suggestions brought out at yesterday's first formal conference.

Reports of fresh peace offers from Berlin brought forth the statement from the mission today that a series of feelers were expected during the next few months as an immense amount of quiet peace effort has been under way by Teutonic missionaries especially by Austrians in Bern, but no credence is being placed in their acceptability.

Prospects of a separate peace by any of the Teutonic countries are wholly discounted by the British mission on the ground that Germany's hold on her allies is altogether too firm.

KING GEORGE WILL URGE LESS FOOD CONSUMPTION

[ASSOCIATED PRESS TELEGRAM] London, May 2.—King George will shortly issue a proclamation urging the people to economize to the extent of 25 per cent in the consumption of food, owing to the gravity of the situation. The proclamation will be read publicly from the steps of the royal exchange in London and all town halls throughout the country. On Sunday it will be read in all churches.

RAILROAD MEN STRIKE. Washington, C. H. Ohio, May 2.—All section hands of the Pennsylvania Railroad in the Zanesville division have gone on strike, according to advices received here today. The men say that wages have been raised on other divisions and demand 25 cents per hour instead of 13 cents.

GERMAN PLACES LOSSES AT MORE THAN A MILLION

[ASSOCIATED PRESS TELEGRAM] Amsterdam, via London, May 2.—One million, three hundred thousand Germans have perished in the war, according to a statement made by Joseph Frederick Naumann, formerly a conservative member of the Reichstag, Herr Naumann, lecturing on the "Influence of the war on population," said in part.

"Until now the war has caused a loss of 1,200,000 dead. This with the decrease in birth, gives a reduction of 3,800,000. The surplus of females has increased from 800,000 to far more than 2,000,000. The nation has bled as never since the thirty years war."

The report of the lecturer received here does not state where it was delivered.

CONSERVATIVES WIN IN CONSTITUTIONAL ELECTION

[ASSOCIATED PRESS TELEGRAM] Boston, May 2.—Complete returns from yesterday's election of delegates to the constitutional convention to be held June 6 show the following representation of the so-called "Progressive" and "Conservative" factions:

Delegates at large—Progressive, 11; Conservative, 4; claimed by both, 1.

District delegates—Progressive, 31; Conservative, 123; approved by both, 63; endorsed by neither, 19. There was one tie vote.

RAILROAD MEN STRIKE. Washington, C. H. Ohio, May 2.—All section hands of the Pennsylvania Railroad in the Zanesville division have gone on strike, according to advices received here today. The men say that wages have been raised on other divisions and demand 25 cents per hour instead of 13 cents.

ROBS PASSENGERS WHILE THEY SLEEP; ESCAPES WITH LOOT

(Associated Press Telegram)
Sparta, Wis., May 2.—A bandit concealed in the rear coach of a train on the Chicago and North-western Railroad forced two members of the train crew to stand with their hands above their heads while he rifled the pockets of sleeping passengers. Just as the train pulled into this station early today, brakeman John Hockett, the first member of the crew to encounter the robber, was confronted with a pistol and forced to jump from the rear of the moving train, two miles out of Medary but was not seriously injured.

After disposing of Hockett the bandit re-entered the coach and started a search for the possessions of those occupying the berths. During the operation he was surprised by the Pullman conductor, whom he covered with a revolver and then continued the search. He was still busy as the train stopped at Sparta. Conductor W. F. Frenz, in charge of the train, noting the absence of his brakeman and Pullman conductor from their stations, went to the rear coach to investigate. He also was covered by the revolver. As the train pulled out of the station the robber sprang from the rear of the coach and fled.

Conductor Frenz stopped the train and notified the police. Sheriff Henry, with a posse of 12 men, immediately started a search for the robber, a good description of whom was given by the train crew. An hour after the robbery, brakeman Hockett limped into Medary, badly bruised but not seriously hurt. No estimate of the amount of money the bandit obtained could be learned from the passengers. According to the statement of Conductor Frenz none of the passengers was awakened by the bandit, who did not attempt to rob him or the Pullman conductor.

VENIZELLOS URGES AMERICAN GREEKS TO SUPPORT WILSON

Former Premier Venizelos of Greece has addressed to Greeks in America a statement lauding the aims of America in entering the world war and calling upon them to devote themselves to the support of the declarations of President Wilson. The statement has been published in all Greek papers in this country and it is herewith reproduced.

"You have expressed the unanimous sentiment of all liberal Greeks in repudiating the king, with whom since the tragic events of December the nation has once and for all severed every tie.

"I congratulate you on your resolve to devote all your strength to the noble task undertaken by the United States.

"In your distinguished president's stirring and inspiring declaration, defining America's aims in the war, the Star-Spangled Banner has become the symbol of humanity's purest ideal. Devotion to such a cause is henceforth the duty and privilege of every free man.

"I am convinced that the Greeks of the United States, imbued with this conception, will succeed in winning the active and highly valued sympathy of the great American nation.

"VENIZELLOS."

**BIG CELEBRATION
IS PLANNED FOR
MEMORIAL DAY**

Memorial Day will be observed this year on Wednesday, May 30. The significance of Memorial Day for 1917 is greater than ever before and the observance of the day should be more impressive than it has ever been heretofore.

Preparation for its proper observance in Newark are well under way by the general memorial committee for 1917 which will meet in special session tomorrow evening.

The morning Memorial Day parade this year should be larger and more impressive than any yet held here. All patriotic and other bodies imbued with a serious spirit of patriotism are invited by the memorial committee to participate in the morning parade on Memorial Day.

The officers of participating bodies are notified to mail a note of acceptance to Major G. Steele, secretary of memorial committee, P. O. box 294. In due time each body will be notified of its proper position in the marching column.

Members of Lenox Post G. A. R. and allied orders will visit the Hobson schools on Monday, May 7. They will take the 12:20 interurban car.

**GET C. OF C. DINNER
TICKETS BEFORE
DAY OF MEETING**

Persons who have reserved tickets for the annual dinner of the Chamber of Commerce, Thursday evening, in the Masonic Temple, are asked to call for them at Chamber headquarters tomorrow and thereby avoid confusion and delay at the door of the dining hall, which will be thrown open at 5:30 p. m., so that all may be seated and the service begin at 6 p. m. Be on hand promptly at 5:45 p. m. and thereby get a good seat and help the committee make the affair a success.

terness and from all quarters is heard the demand for a "strong man" to guide Germany through the troubles which beset her.

The great labor demonstration in Sweden which it was freely predicted might cause grave disturbances took place without any disorder being reported and a similar demonstration in Austria is declared to have passed peaceably.

On the fighting front in France the deadlock which has existed for some days persists. The results of the French offensive have caused considerable dissatisfaction in Paris and the minister of war will have to face the fire of a number of deputies when the French parliament meets later in the month.

In England, criticism is centered on the admiralty, the growing submarine menace rapidly increasing the critics of Sir Edward Carson.

SWEDEN'S DEMONSTRATION GREATEST IN HER HISTORY

(Associated Press Telegram)
London, May 2.—A Stockholm dispatch says that the greatest Socialist demonstration ever seen in Scandinavia was held throughout Sweden on May Day. The demonstration was brought to a peaceful conclusion although the result had been anticipated with anxiety and nervousness.

Great crowds assembled in the streets of Stockholm carrying banners with inscriptions demanding more food and better conditions of life. Hundreds of children with peace banners participated and order was maintained by special police appointed by the workers.

The parade was headed by Hjalmar Branting, the Swedish Socialist leader, Pieter Troelstra, head of the Socialist International Bureau, and Camille Leysmans, secretary of the International Bureau. The procession passed along the main streets, the enormous crowd singing the Marseillaise and the Internationale.

A mass meeting was held outside the city where the leading Socialists made speeches, urging the demands of the working classes.

At sunset thousands of workmen returned to the city but no riots occurred. The good order maintained is credited to M. Branting, who promised the authorities that no disturbances would occur. M. Branting, commenting on the demonstration, said:

"This May Day will never be forgotten for the overwhelming number of demonstrators indicated the peaceful attitude of the Swedish working classes and is a strong justification of their demands."

While no trouble has so far been reported the dispatch, which was dated early Tuesday evening said that disturbances were feared in the night.

No reports have been received from northern industrial districts where the situation was regarded as grave.

At the Stockholm mass meeting, in which 67,000 persons participated, a resolution was adopted declaring that the international had been resuscitated and that a durable peace was assured. The resolution concluded with an endorsement of an eight hour day; revision of the constitution and peace on Socialist terms.

NO DISORDER IN NORWAY.

London, May 2.—A Christiania dispatch says that the usual May Day demonstrations were held all day Norway and that no reports of disorder have been received. The much discussed situation was expressed everywhere in consequence of the high prices of the necessities of life.

UNIFORM RANK DANCE IS FOR RED CROSS BENEFIT

Newark people have an opportunity to help Red Cross work by patronizing the big ball given by the Uniform Rank, Knights of Pythias at Castle Hall Wednesday night May 9. The entire proceeds of the dance go into the fund of the Red Cross. Members of the Uniform Rank call purchased, whether the buyer attends the dance or not, contributes 50 cents to a worthy cause.

INSURANCE FUNDS JUGGLED; ARREST OF SIX ORDERED

Pittsburgh, May 2.—J. Denny O'Neil, insurance commissioner of Pennsylvania, this morning took charge of the Pittsburgh Life and Trust Company. Late yesterday he applied to the county court for an order prohibiting the company from further doing business and asked for the appointment of a receiver. Temporary orders were granted today, and Monday set as the date for the hearing.

Mr. O'Neil also went before a magistrate and asked for the arrest of six persons whom he charged with diverting the funds of the company. These names were given as Clarence F. Birdseye, New York; Kellogg Birdseye, treasurer of the company; George Montgomery; Robert B. Moore, president of the Commercial Trust Company of New York; Albert Leurr, of New York, a director of the company, and W. C. McCausland, vice president of the company. It was said by the authorities that no arrests had yet been made.

The story as explained by Mr. O'Neil is that Clarence F. Birdseye opened negotiations for the purchase of the Dare Lumber Company in North Carolina several months ago and coming to Pittsburgh arranged to obtain from the insurance company \$1,900,000. One million dollars of this according to the commissioner, was put into the lumber company and bonds in the sum of \$6,000,000 were issued on the strength of the investment. Of these bonds \$3,700,000 were placed in the insurance company treasury, as a security for the loan, and \$400,000 of the remainder was paid to "dummy directors" who had been selected to put through the deal.

Officers of the company who were at their desks as usual but transacting no business, said they were unacquainted with the financial policy of the corporation since control had gone into the hands of Birdseye and his friends April 20. Commissioner O'Neil refused to discuss the affairs of the company this morning but said he would give out a statement later in the day.

IDENTIFY BODY OF MAN FOUND IN CAR OF FREIGHT TRAIN

A ghastly discovery was made by B. & O. yard switchman H. B. Groat, of 96 Gay street, about 4 o'clock this morning, when he was looking over a freight train that had pulled into the yards from Wheeling at 10:10 last night.

In a coal car there was a man lying who Groat thought was a sleeping tramp, but upon investigation it was found that he was dead. Coroner W. L. Jackson was called and the body was taken to the L. N. Bradley's morgue where it was embalmed. From letters found upon the corpse and initials in the hat it was surmised that the man was John Lemon of Underwood avenue, Zanesville, Ohio, and the coroner sent to that city for confirmation.

Efforts to find who the dead man's wife failed. Undertaker Bradley and Coroner Jackson during the day have been in communication with Zanesville authorities and the man, who they supposed it was, is alive and well.

It may be that a description of the marks upon the body will lead to a certain identification. Upon the breast is tattooed an American flag with an eagle, upon the right arm a sailor and anchor, upon the left arm and below the shoulder, two women, one upon the upper and the other upon the lower side of the limb. There is a deep scar under the right eye.

The man is about 5 feet, 9 inches tall, well built, auburn hair and the body will be held for a day or two in hope that his family or friends know his fate.

after being landed and that A. Donald, Chas. J. Fischer and C. F. Luckan were lost.

Loree, Donald, Fischer and Luckan were members of the United States naval guard on the Vacuum.

The following naval gunners of the Vacuum have been saved: Jas. E. Williams, John Williams, George W. Parker, Oswald H. Lucke, Henry J. Musshorn, Jr.

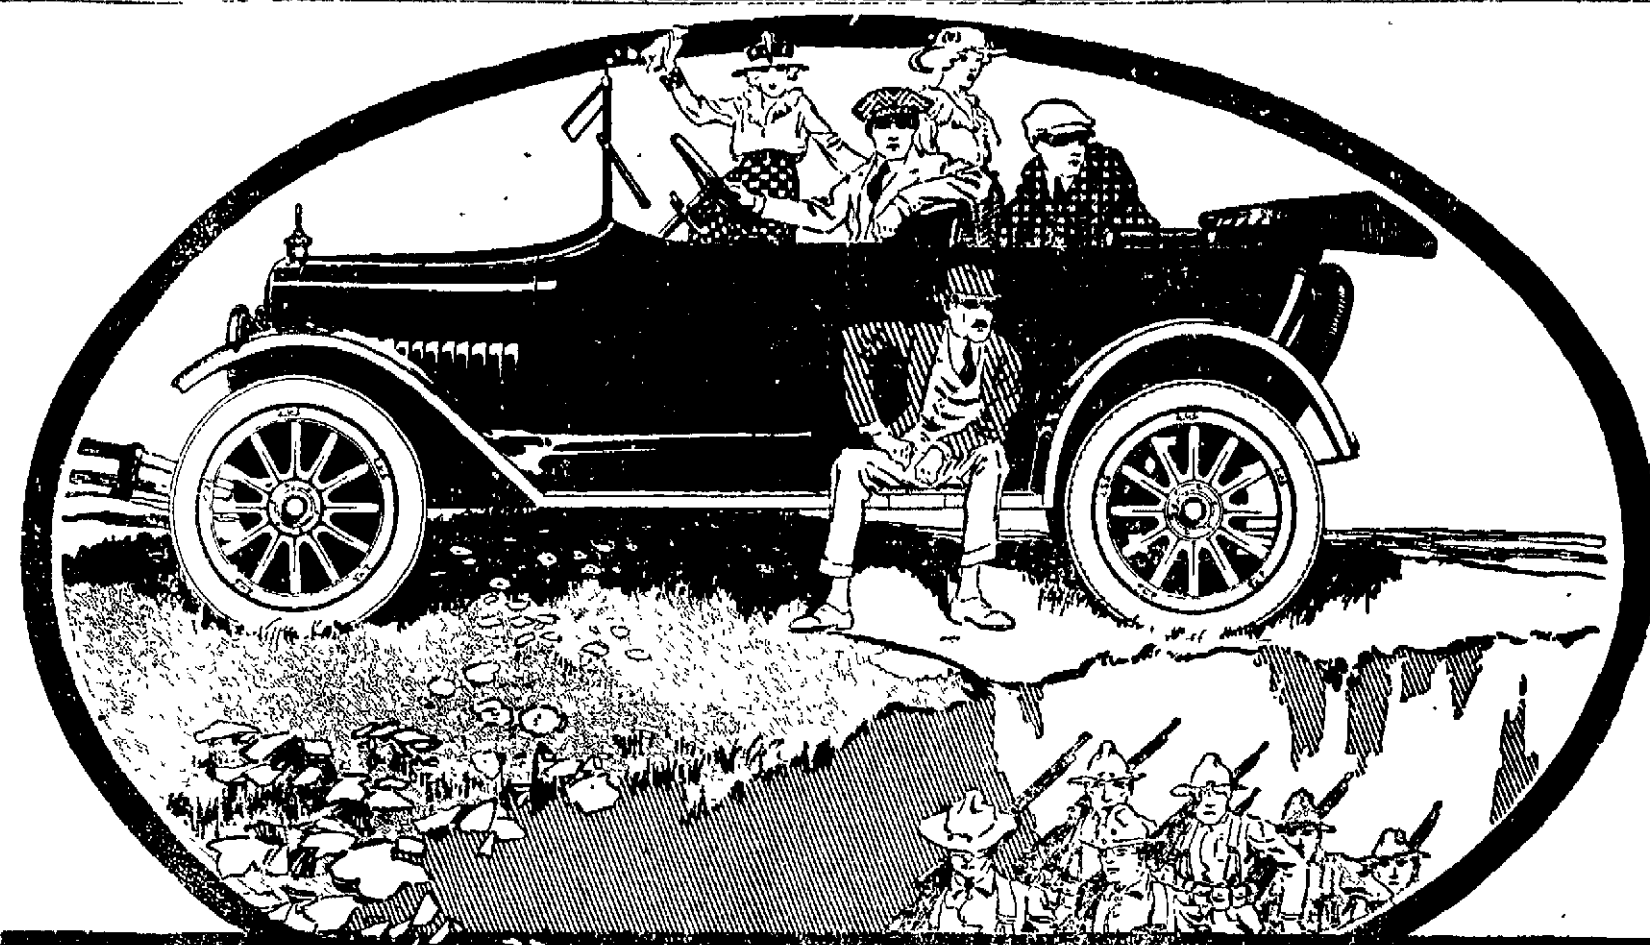

Captain Harris of the Vacuum reports that 18 men of his crew were lost. Eight gunners and 13 members of the crew were saved.

In addition to the naval gunners Wilson, Leshner and Nikolaia the survivors of the Vacuum who have arrived here are: Oscar Gailles, first mate, Boston; John Simpson, first assistant engineer, New York; Wm. Landrum, ship's carpenter, Newport; August Lotas, quartermaster, Libau, Russia; Robert Williams, third assistant engineer, New York; L. Halton, wireless operator, Wisconsin; Wm. Andrews, mess boy, New York and eight foreigners, including oilers and seamen.

MR. FEENEY ALSO PASSES STATE BAR EXAMINATION

Thomas A. Feeney, who was yesterday notified that he had been recommended for admittance to the training camp at Ft. Benjamin Harrison, has also passed the bar examination.

Mr. Feeney recently went to Columbus to take the examination and was notified today that he was successful. He will go to Columbus May 8, to be sworn. He is a graduate of St. Vincent's College at Pittsburgh.

Almost Every American Family Can Own a Maxwell Car

Because it costs only \$6 to \$8 a month to run a Maxwell—much less than the average American family spends on luxuries

The average American family spends a great deal more than \$6 or \$8 a month on amusements and luxuries, most of which mean nothing—wouldn't even be missed.

If you owned a Maxwell you'd want to be out in it as much as possible

—which automatically would cut out more than enough of the cost of other pastimes to cover the cost of running your Maxwell

—and besides, you'd be living better, healthier, happier, in the great out of doors,

—and you'd take your place in the world as the owner of a motor car.

That's what the brains behind the Maxwell have done

—given the world a car every man can own.

An achievement! Isn't it?

The Proof of These Statements

There's no theory about these cost-of-operation figures. They're based on what thousands of Maxwell owners are actually doing—running their cars on an absolute outlay of only \$6 to \$8 a month.

These enthusiastic Maxwell owners tell us, too, that they get upwards of 30 miles out of a gallon of gasoline—many do better than that.

The Maxwell holds the world's record for a non-motor-stop run. A Maxwell stock car made 22,022 miles in 44 days and nights—went 22 miles on every gallon of gasoline used on that long jaunt.

We could tell of many other supreme tests of Maxwell power, endurance and economy,

—magnificent deeds, never equaled by any other automobile,

—but we'll cite just one more:

A woman drove this Maxwell 9,700 miles.

Mrs. Miriam Sealey, Professor at the Oregon Agricultural College, made a 9,700-mile tour across the Continent and back in a Maxwell.

Her total expense account was 1 1/2 cents a mile, including gasoline, oil and repairs.

YOUNG MEN OF MILITARY AGE

NEED TO ACT QUICKLY IF YOU WANT LIFE INSURANCE

Last week at New York was held a convention of more than 100 life insurance executives and insurance commissioners of the various states to consider the war risk as touching life insurance companies and they recommended to all companies that a minimum rate of \$37.50 be charged in addition to the regular rate.

We have had no official notification from the Midland but we expect to be obliged to greatly restrict applications of young men of military age within a few days. Until we receive official notice from the Midland we can write you a policy at regular rates.

A word to the wise is sufficient. Office 501 Trust Building, Phone 1391.

FLAG RAISING WILL

FEATURE AUTO RACES

ON COLUMBUS MAY 13

Columbus, O., May.—"Chick" Harley, Ohio's wonderful football player and Walter Camp's All-American fullback of '16, will have a part in a flag-raising at the Columbus Driving Park Sunday, May 13, where a huge crowd is expected to gather to see the hundred mile auto race that will be a defense of title by Champion Fred Horey against a number of challengers for the dirt track world's championship.

In getting the Stars and Stripes floating from a new staff Harley will

be assisted by Charles Valentine, noted driver of trotters and paces, who for years has made the Columbus track his training quarters.

Cavalrymen of Troop B, the mounted organization that saw service on the Mexican border, will share in the ceremonial along with a military band. After the flag is up, the troops will give an exhibition drill.

As to the auto race itself, there is every prospect of a fierce contest. Horey last year stripped Hendrick of three of his prized world's records. "Wild Bill" has almost sat up nights for several months past getting his car re-tuned and he has it now just to his liking. Horey, too, has not been idle and expects to be successful in his defense against Endicott, Clark and all others who dare to turn against him.

PHOSPHATE GAINS FAVOR WITH DOCTORS IN TREATMENT OF WEAK, NERVOUS "RUN-DOWN" CONDITIONS

NOTED AUTHORITIES IN EUROPE AND AMERICA UNITE IN URGING WIDESPREAD USE OF GREAT NERVE TISSUE BUILDING SUBSTANCE

Report Some Astounding Results

Since the publication of investigations of Robin, physicians and specialists in increasing numbers have adopted and recommended for depleted, nervous energy, the use of that organic phosphorus now known among druggists as bitro-phosphate. In recent years leading British, French and American clinicians and specialists have reported some extraordinary results from the use of this organic phosphorus. In all cases of nerve weakness, such as neurasthenia, sleeplessness, old age, lack of physical endurance, loss of memory, excessive fatigue or occupations necessitating great mental strain or long hours, one 5-grain tablet of bitro-phosphate should be taken with each meal, thus supplying directly to the brain and nervous system the necessary life giving phosphorus. Being a nerve tissue builder that is readily assimilated by the most delicate stomach and not a dangerous drug or stimulant, the effects are gradual, but in a few days the eyes become brighter, nerves steadier, endurance is increased, sleep returns to the sleepless, thin people put on flesh and the entire system begins to overflow with that vim, vigour and vitality that make life truly worth living.

Note: Bitro-Phosphate mentioned above is one of the reliable preparations that should be universally prescribed by physicians. It is dispensed by E. W. Smith, W. A. Erman and other first class druggists everywhere.

AN ANTIDOTE FOR URIC ACID POISON

(By Dr. L. C. Babcock.)

There is a process going on within the body which often poisons us. It is something like the story of the snake being able to kill itself with its own poisons. This is the formation of uric acid in excess within the body. It is a waste product which takes place in the liver. This poisonous uric acid is then passed on to the kidneys, which act as a filter to pass off and excrete this poison. If the kidneys are clogged up, inactive, the poison degenerates these organs and causes kidney disease. If it is deposited in the tissues, around the joints of the body, it causes rheumatism or gout.

Consequently we must do everything to throw off this uric acid poison, and simple methods are best. Flush the kidneys by drinking plenty of water between meals; a pint of hot water, morning and night is splendid. Take Anuric (double strength) three times a day for awhile, and get the kidneys to working by flushing out this poison. That painful affliction, known as gout, as well as muscular rheumatism, is caused by the uric acid crystals being deposited in the big toes or tissues. The man who uses his brain, perhaps over-taxing his nervous energy will suffer fits of "blues," depression, headache, sleeplessness, loss of memory, all due to this poison of uric acid. The man who does physical work, using his muscles, occasionally complains of sluggishness, muscular tired feeling, muscular stiffness or aches, neuralgia twinges—symptoms all due to this uric acid accumulation. In every case I advise hot water, and Anuric taken three times daily—a simple, safe remedy, which is to be had at almost every drug store.—Advertisement.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

ITCHING IRRITATION EASILY CURED

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting, greasy ointment. Try HOKARA a pure and simple cream, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only do minor skin troubles like pimples, blackheads, acne, barber's itch, etc., quickly disappear, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food. In order that any one may try HOKARA at small expense, Evans' Cut Rate Drug Store is selling a liberal-sized jar at 35c, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it.—Advertisement.

CHAUTAUQUA PROGRAM OPENS ON AUGUST 1ST

When Newark's fourth annual Redpath Chautauqua opens August 1st for a seven-day session, there will be offered what expert program builders consider the best balanced and most entertaining week ever presented on the circuit of which this city is a part. There are any number of headline attractions.

Musically the 1917 program is unusually strong. It includes a company of 20 people in the light opera "Dorothy," with J. K. Murray in the leading role; the White Hussars, a singing band organized by Ralph Dunbar and appearing under the direction of the famous Albert C. Sweet; the Killarney Girls, an ideal opening day attraction in a program of Irish music given in costume; The Regniers (Ren-Yeas) with music and impersonations in make-up; the Christine Giles Company, featuring an artist who is able to play her own violin obligato for soprano solos; the Metropolitan Artists, consisting of Chicago musicians starting with voice, cello and piano; and the Montague Singers, elaborately costumed, giving sketches from familiar light operas.

Among the lecturers there are such notables as Opie Read, the novelist; Dr. Ng Poon Chew, "the Chinese Mark Twain"; Dr. Chas. E. Barker, who was physical advisor to President Taft during his term at Washington; Mrs. Ida C. B. Allen, well known writer and lecturer on home economics, and Dr. E. T. Hagerman, the man who wins friends by the wholesale, through his practical talks about everyday people.

So popular was Edwin M. Whitney when he toured the Redpath Chautauquas in 1915, that he is being returned this season in "Turn To The Right," a comedy which has been running for almost a year in New York and Chicago. Mr. Whitney is to be here on the opening night.

Ralph Bingham, who has kept the American lyceum and chautauqua public in an uproar ever since he took to the platform, is to be here on Joy Night. He will tell some of the stories for which he is famous, and as a kind of a side issue he will play the fiddle and sing.

Another entertainer who is sure to be popular with chautauqua-goers is Walton Pyre, actor-monologist. "The Spinner in the Sun" is the vehicle which he has chosen. Mr. Pyre as an actor toured with such players as Edmund Freese, Helen Ware, Otis Skinner and George Fawcett.

With such attractions as the operetta "Dorothy," the White Hussars, Opie Read, Ralph Bingham and the many others, there is every assurance that the 1917 program will more than fill the bill.

COLLEGE EDUCATION NOT NECESSARY TO ENTER THE OFFICERS' TRAINING CORPS

The eligibility requirements for attendance at Reserve Officers Training Camps are limited as follows:

Reserve officers of the line and engineers; Members of the Reserve Officers Training Corps who are not less than 20 years and nine months old and other cadet students of same minimum age; Graduate of Military schools and other citizens of minimum age of 20 years and 9 months and maximum age of 44 years; even though applicant for commission has no military training, or military training of little value, he may nevertheless be recommended for commission providing he is of suitable age, as above stated, and is a college graduate, or a senior in college or is clearly a well educated man and provided he has demonstrated in business athletics, or other activity, that he possesses to an unusual degree the ability to handle men. E. C. Wright, Branch Chairman, C. W. Miller, Deputy Branch Chairman of The Military Training Camps Association.

Amusements

Auditorium

"A Tale of Two Cities." In wonder the six part super de luxe production of "A Tale of Two Cities" at the Auditorium yesterday. Charles Dickens' immortal story of the French revolution is one of the most powerful photodramas ever released by any film corporation, and Wm. Fox has given it a most wonderful stage dressing.

Wm. Farnum, the pre-eminent star in the dual role of Charles Darnay and Sidney Carton, seen at his best. The last showings of this masterpiece will be seen at the Auditorium today and tomorrow. Tomorrow and Friday Mr. Fenberg offers the Selznick production of "Vera, the Medium" by Richard Harding Davis, with Kitty Gordon, the celebrated bareback rider, starred. "Vera" is a dramatic story of the battle of the sexes. It presents a woman who wagers she will separate a loving husband and father from his family and make him her "fool" there was in one week.

"Vera" makes the wager publicly in a stylish gambling house—herself against \$1000. Miss Gordon, who is called the "Lillian Russell" of England, depicts the character of a niece of a millionaire, but—to have the man, after a week of her wiles, caught embracing her by his own little tow-headed daughter, to have the "man" give him up at the pleading of the child, and then hate her put on her necktie to receive the fellow who had won the wager, etc. These are some of the things that Vera, the medium offers. The picture is elaborately staged, the photography wonderful and it was directed by "Broncho Billy" Anderson.

"Smart Set." The Cleveland Plain Dealer says: "Preparations are being made, not against Germany, but leveled at Mexico, form the basis about which is constructed 'How Newtown Prepared,' this year's edition of the Smart Set entertainment offered the week at the Prospect."

The organization, in name, is the oldest all-colored company in this country today, and the standard of its amusement measures more than favorably against that of past seasons. There is a deal of clever dancing, numerous specialties, and the entire cast is pos-

sessed of voices that make the rendition of the song most enjoyable. This attraction comes to the Auditorium next Monday afternoon and evening. A popular priced matinee will be given.

Fifth "Patria" Chapter. A thrilling aerial fight during which Patria Channing heroine of "Patria" Pathe's serial romance of preparedness, kills the pilot of a pursuing machine, is one of the thrilling features of the fifth episode "The Island Girl Forgot," which will be shown at the Auditorium theater Friday and Saturday.

In this episode, Mrs. Vernon Castle, who heads the supercast, plays the double role of Patria Channing, heroine, to millions and Elaine, an adventuress.

Sunday Program. June Caprice in "A Modern Cinderella" Charlie Chaplin in "Easy Street" and Blanche Thompson, noted soprano will be Auditorium features next Sunday.

LYRIC. At the Lyric this week Moore's Merry Maids, that musical comedy company supreme.

The bill tonight is "Sweet Marie," another joyous bubbling farce. Tap Moore and Jack Quinn have their biggest hit of the week and it is just one roar of laughter after another. Babe Gordon leads several new song numbers in her own inimitable dancing manner and an eccentric dancing specialty by Jack Sweeney is included. Of course Jess Willard, we mean Tom Sprague, and Stella Dixon have prominent roles and the big chorus wear their most stunning costumes.

A change of program will be given every day.

ALHAMBRA

Tonight and Tomorrow. A startling theme, filled to the brim with surprises and dramatic situations, a star of the first magnitude, an excellent supporting company and magnificent indoor and outdoor scenery "facts combine to make 'As Man Made Her' a memorable production as Man Made Her" is the latest World picture Brady-made and it will be seen at the Alhambra theater tonight and tomorrow with Miss Gail Kane as the star.

Friday and Saturday. With Kathryn Williams and Theodore Roberts as co-stars "The Cost of Hatred" has an exceptionally powerful cast even for a Paramount picture. Eulalia Marie Dix, well known playwright, wrote the story and George Melford directed the production which will appear at the Alhambra Friday and Saturday.

GRAND

Film Colored by Wounded French Soldiers.

A motion picture colored by the hands of men wounded while fighting for France is to be seen at the Grand theater on Thursday and Friday of this week. It is called "May Blossom," the leading roles being played by Pearl White and Hal Ford. Produced in the heart of Maryland, many of the scenes were taken at Carrollton the home of the famous Carroll family for many generations. On its completion, the picture was sent to the Pathe studio in Paris for coloring. When it is remembered that there are sixteen pictures to each foot of film, and that each of these little pictures is colored by hand, you can imagine the enormity of the task necessary to the process. A five-reel film such as "May Blossom," requires painting on 30,000 pictures. While this is a big job, the results justify it.

3, 1879.

ESTABLISHED IN 1820.

Let us have faith that
right makes might, and in
that faith let us, to the end,
dare to do our duty as we
understand it.
—Abraham Lincoln.

We must feed England and France
as well as ourselves this year. Do
your bit.

The calendar today says May second
but an overcast this morning
was not at all burdensome.

We can't help hoping that some
way will be devised to let Colonel
Roosevelt go to France soon with
the American flag.

It's not too late to start that back
yard garden. With constantly in-
creasing prices of food products the
vegetables you raise this season will
help more than a little.

Licking county farmers are re-
sponding to the appeal for greater
food production. It is said that more
acres in this county are plowed for
cultivation this spring than ever be-
fore.

"Buy normally." There's a slogan
that's worth remembering. While
the war is on in order to provide the
sinews of war we must keep business
going. Don't forget it. Don't over-
look it.

A dollar invested in a Red Cross
membership is a dollar well spent.
The Newark chapter of this great or-
ganization for helping suffering hu-
manity is growing rapidly, but there
is room for all.

The Merchants and Manufacturers
Exposition to be given in Newark
during the week of May 28th will be
well worth attending. The proceeds
are to be used to help Newark. The
big show will be under the auspices
of the Rotary club.

CONFLICTING RIGHTS.

It's human nature to be jealous
about one's own rights and very in-
different to those of anyone else.
The relations between the automo-
bile drivers and the travelling pub-
lic are one of these adjustments
where there is needless friction. Both
classes have certain legal rights, and
a certain standing founded on com-
mon courtesy.

The pedestrian is the weaker party
and entitled to an extra-legal consid-
eration therefrom. The car is a
heavy weight propelled by an engine
powerful enough to turn the wheels of
a mill, and it is capable of doing
infinite damage. The driver has no
right to assume that everyone is go-
ing to exercise perfect care all the
time.

Many people are deaf or near
sighted. Children are by nature
heedless. They will run out from
behind standing vehicles and cross
streets unexpectedly. As we need
our children more than we need au-
tomobiles, the automobiles must fig-
ure on their careless ways. Also
older people are often absent mind-
ed. The motorist ought to be going
so slowly through a business street
that he can stop if people do unex-
pected things.

The pedestrian should realize that
a motor car is a big and rather un-
wieldy apparatus. The pedestrian
can stop instantaneously, but it may
take several yards to check the car.
It is much easier for the person to
stop and not try to dodge in front,

Did You Know
That on March 5, 1900, the Coun-
cil of New York University accepted
a gift of \$100,000, afterward in-
creased to \$250,000, from a donor,
whose name was withheld, for the
erection and completion on Universi-
ty Heights, New York City, of a
building to be called "The Hall of
Fame for Great Americans"? The
structure was built in the form of a

terrace with superimposed colonnade
connecting the University Hall of
Philosophy with the Hall of Lan-
guages. On the ground floor is a
museum 290 feet long by 40 feet
wide, consisting of a corridor and
six halls to contain monuments of
the names that are inscribed above.
The colonnade over this is 600 feet
long with provision for 150 panels,
each about 2 feet by 6 feet, each
to bear the name of a famous Ameri-
can. Fifty names were to be in-
scribed on the tablets at the begin-
ning, and five additional names every
fifth year thereafter, until the year
2,000, when the 150 inscriptions
will be completed. Only persons
who shall have been dead ten or
more years are eligible to be chosen.
Fifty-six names have been inscribed.

Business and War.
Canada has been at war for nearly
three years, sending great numbers
of men to the front, utilizing its
available resources to the utmost,
bearing its full share of the struggle.
But these efforts have assuredly not
spelled disaster for manufacturers
and Canadian business. It is safe to
assume that our participation in the
war, which is likely to involve a
much smaller sacrifice relatively
than Canada has made, will prejudice
American business even less.—Chi-
cago Herald.

Regulating the Food.
When one analyzes the food situa-
tion, he cannot fail to see the in-
fluence of speculation back in the
sources of supply. All hoarding of
food is an evidence of speculation.
And all buying up the market is an-
other evidence. It ought to be easy
for the government to put a restrain-
ing hand on both of the causes of
government to compel a man to ac-
cept a reasonable price for his goods.
This republic is now for all the people
and not for any one of them or
for any class.—Ohio State Journal.

The song recital given by Miss Esther Graef, daughter of Mr. and Mrs. William Graef of Clinton street, and her assistants on Tuesday evening at St. John's Evangelical church, for the benefit of the church, proved a delightful success.

A number of young women acted as ushers each wearing a charming corsage bouquet and the program was charmingly given. Miss Graef possesses a very pleasing soprano voice, which she controls in a delightful way. The other artists were Howard Jackson, violinist, Miss Ethel Haynes, pianist, and Mrs. Emil Kraft, accompanist.

The following program was given: "Spring Awakening" ... Sanderson

Esther L. Graef

"Souvenir" ... Darola

Following the recital, a number of out of town guests and friends were

entertained at dinner at the home of Mr. and Mrs. William Graef in Clinton street. The table was arranged with baskets filled with pink and white roses, and the nut cups and place cards carried out the desired color scheme. A three course dinner was served and thirty guests were entertained.

The members of the St. Ann Society will be entertained at the home of Mrs. James McMahon in 36 Bowers avenue on Thursday afternoon at 2 o'clock.

The wedding of Miss Lorine Coulter, daughter of Mrs. May Coulter of Eleventh street, and Mr. Lawrence Lucas will be solemnized on the morning of Tuesday, May eighth, at the First M. E. church. The hour will be eight o'clock, and Rev. L. C. Sparks, pastor of the church will read the service. Mr. Lucas is the son of Mr. and Mrs. Oren P. Lucas of Eleventh street.

The last meeting of the Coterie club will be held Friday, May 25. All members are expected to be present.

The members of the Thursday Afternoon Sewing Club will be entertained tomorrow at the home of Mrs. Malcolm Baker in Webb Place.

Miss Elvora Maude Krebs celebrated her fifth anniversary at a birthday party Saturday afternoon, April 29, at her home, 39 Linden avenue. The hostess was assisted in entertaining her little guests by her sister, Frances, and by Miss Charlotte Hoop. Refreshments were served in the form of a winter picnic.

Those present were: Martha and Ruth Hamner, Elizabeth Ross, Reese Lawler, Sarah Frances O'Bannon, Olive Franklin O'Bannon, Elizabeth Smith, Virginia Simpson, Bill Sims, Martha Helen Ingman, Elizabeth Perkins, Robert Woodward, and Donald Freese.

Mrs. James Murphy is entertaining the members of the Proctor club this afternoon at her home in Granville street.

The wedding of Miss Louise Norpell, daughter of Mr. and Mrs. Carl Norpell of Granville street, and Mr. Paul Meek, son of Mr. and Mrs. James W. Meek of Fifteenth avenue, Columbus, will be solemnized on the evening of May 17 at the Norpell home.

Obituary

Edward Rose.—Edward Rose, aged 42 years, a former resident of this city, died Monday evening at his home in Frickville. The body was taken to the home of his mother in Coshocton and the funeral took place this afternoon. He is survived by his wife, two children, a mother, three sisters and a brother. Mr. Rose was employed by George Beck at the Music Hall cafe in this city, and resided with his family in West Main street.

Mrs. Wm. H. Lynch.—Mrs. William H. Lynch died at her home, 232 Ruena Vista street, at 7:20 o'clock last evening as the result of a complication of ailments. She would have been 66 years of age June 6, and had been ill for some time. She is survived by five children, William P. and Elmer O. Lynch of the home, Clarence B. Lynch of Gallipolis, O., Mrs. Paul Dean of Pleasant street and Mrs. Charles Trager of Eastern avenue. Mrs. Lynch was a faithful member of the Central Church of Christ and Rev. R. A. Carmon, pastor of that congregation will officiate at the funeral to be held from the home Thursday afternoon at 1:30 o'clock. Interment will be made in the Licking cemetery.

Word of Thanks.—We desire to express our appreciation and thanks to the friends and neighbors and all those who were so kind during the death and burial of our father and brother, F. B. Dufecoon. We also thank Rev. Cox for his consoling words, Mr. Bazler for his kindness, the ladies that sang, and all for the beautiful floral offerings. The Family. 5-2-17

The Courts

Record Month.—Just fifty-five marriage licenses were issued in the month of April, a new record for the license clerk in Licking county.

Common Pleas Notes.—In the case of Chas. L. Flory, administrator, etc., vs. Mary C. Lee, a judgment of settlement has been entered. The suit was brought to recover upon two promissory notes for \$500 each.

Mary C. Lee vs. Chas. L. Flory, administrator, judgment of settlement. A suit for personal services. State of Ohio vs. Hugh Diehl, indicted for carrying concealed weapon: Plea of guilty. Sentenced to jail for 60 days. Sentence suspended during such time as defendant conducts himself properly.

Royal Bruce, administrator, vs. Robert C. McLees, judgment of dismissal.

John Tucker vs. City of Newark: Leave given defendant to plead by Saturday next.

A. D. Huffman vs. Samuel Huffman; return of Sheriff made; appraisal of 2nd parcel of real estate confirmed. Leave given all parties to waive the time of service in favor of Grace Fulton, who elects to take property at the appraisal.

Chas. E. Trace vs. Cecil E. Trace. Decree of divorce. Child awarded to defendant, plaintiff to pay defendant \$4 per week until further notice for support and maintenance of the child.

Alice J. Hickey vs. Joseph Herold, et al., a suit to quiet title; service has been perfected, and a decree was entered by the court quieting the title in the plaintiff. The real estate is located in this city.

State vs. Robert J. Darnes and Geo. Hinger, indicted for playing poker; trial passed on account of absence of material witness for defendants.

The court made an assignment of jury cases beginning May 14th.

The State of Ohio vs. C. L. Kall, two indictments for embezzlement were nolleed by Prosecutor Chas. Flory today, defendant making restitution. H. C. Ashcraft, attorney for defense.

Dislike Tax System.

County Auditor J. W. Hursley reports that nearly all the taxation blanks have been returned and that in the main they are filled out quite satisfactorily but that the taxpayers generally do not take kindly to the new system. All the clerks and Auditor Hursley and deputies are busy tabulating the returns.

Assessors Meet Monday.

The assessors of every taxing district in Licking county are requested to meet in the convention room of the court house at 10 o'clock, Monday morning, May 7, to receive instructions and supplies. It had been the intention to hold the meeting in the court of appeals room but it is hardly large enough for the purpose, and the assessors are requested to meet promptly in the convention room in the basement of the court house.

Road Hearing.

The county commissioners today were engaged in the hearing of compensation and damages for the Billman road in Eden township.

Granville

[Special to The Advocate]

Granville, May 2.—The attendance at the A. F. F. W. meeting Tuesday broke all previous records and a most gratifying day's work was the result. More than three dozen surgical bed pads were completed; 15 comfort pillows; half a dozen dresses, petticoats and odds and ends of needle work were finished. At 10 o'clock a. m. the Granville auxiliary of the Newark Red Cross chapter was officially organized with twenty-five charter members. Mrs. Frank Ray was elected chairman, Mrs. Robert Biggs, vice chairman; Mrs. Theodore Johnson, secretary; C. E. Slack, treasurer. In confirmation of the tentative election held at the "tea" last week, forty-five paid memberships were received yesterday and this without previous advertising. It is expected that at least 500 Granville people will enroll themselves, men, women and children. No one is under any obligation to the organization save the payment of a dollar a year. On the other hand each member can avail herself of any of the classes offered. The money goes to the state organization to be used for emergencies, and calamities calling for relief. Very little is expended for executive work. Mrs. Ray will give her services in the nursing department, and it is hoped that the ambulance and dietetics will also be taught free. A committee on enrollments will be appointed. Mrs. Biggs announced at the business meeting that three new committees of the A. F. F. W. will soon be organized to affiliate with the Granville committee—Alexandria, Welsh Hills, and Shepardon College.

President C. W. Chamberlain will leave on Friday for Washington for a meeting of all the college presidents in the United States, called for a conference with the federal authorities on the war situation. C. E. Goodell, president-elect of Franklin college will attend as representative of that institution.

Among the Denison students who have been under military training, one has enlisted in the signal corps, one in the hospital corps, and twenty-five have been accepted as members of the officers training camp.

Mrs. A. E. Guenther and little son, who have been visiting at the home of Mr. and Mrs. Jano Buckland, have returned to Cleveland.

Prof. Orley See of Indiana, Pa., arrived in Granville yesterday at the guest of Postmaster and Mrs. John Geach. Phi Gamma Delta also claims an interest in the violin virtuoso, who plays tonight in concert in Recital hall, at 8 o'clock.

J. S. Jones, whose business keeps him in New York for two weeks, and who made a flying trip to Bryn Du farm on Monday, has returned cast, possibly for a week's stay. Mrs. Jones will accompany him home.

Mrs. Katherine Spencer of Dayton is visiting at the home of her son-in-law and daughter, Dr. and Mrs. J. W. Rohrer.

Beta Theta Pi entertained the following at dinner Sunday, April 28th: Mr. and Mrs. Walter Livingston, Mr. and Mrs. George Livingston of Indianapolis, Homer Wickenden, '12, and "Rock" Williams, '15. Among the alumni who have been recent guests in Granville are: Stewart Lapp, who is on his way to the training camp; "Rock" Williams of Dayton, "Deck" Tight of Cleveland, "Heiny" Elvin of Indianapolis, and Homer Wickenden of Cleveland.

Beta Theta Pi has joined in the movement to celebrate Carnival Day by having all of the mothers return at that time and inviting all of the Beta mothers to Granville on May 26th.

On April 27, 28 and 29, Phi Gamma Delta entertained ten of the mothers of the chapter at their annual Mothers' Day at the chapter house. The concert of the Russian Symphony Orchestra Saturday afternoon was enjoyed by the guests and in the evening a dinner party and informal reception were given in their honor. Those present were Mrs. Brock and Mrs. Feight of Dayton; Mrs. Atwell and Mrs. Weaver of Zanesville; Mrs. Norpell of Newark; Mrs. Butler of Toledo; Mrs. Owen of Owatonna, Minn.; Mrs. Ballard of

Washington C. H.; Miss Halleck of Bowling Green, and Mrs. Haskins of Granville.

Mr. and Mrs. George Livingston of Indianapolis, who have been guests at the home of Mr. and Mrs. Walter Livingston in Broadway, have left for their home.

Personal

Miss Thelma Frankenberg of West Main street has returned home from Columbus and Springfield, where she has been visiting relatives and friends for the past three weeks.

Mrs. Bert Deedim has been called to Pittsburgh, Pa., by the death of Mrs. Kate Stevenson Peterson.

Mrs. E. H. Conner of Eighth street was in Columbus today and witnessed "The Birth of a Nation" at the Hartman this afternoon.

Mr. and Mrs. D. M. Hall of South Pine street left at noon today for Raymond, Wash., and Portland, Ore., where they will spend several weeks.

Mrs. H. F. Heidenbrand and daughter Elizabeth of Pontiac, Mich., are guests of Mrs. C. Altrogge at Granville.

Secretary of State W. D. Fulton was in town today, accompanied by Mrs. Fulton.

NEWARK MEN PASS PHARMACY TESTS

The state board of pharmacy today announced the successful applicants who recently took the pharmacist's examination at Columbus. Two Newark men, Kenneth L. Hall and Edward W. Heaton, were among those to receive certificates.

There were 168 applicants for certificates and 76 were granted pharmacist certificates. Seventeen others made high enough grades to get assistant pharmacist certificates.

Among those getting pharmacist certificates were Kenneth L. Hall of the Hall pharmacy, and Edward W. Heaton of the Collins pharmacy. Norman W. Cridler and Raymond W. Patterson of Zanesville were also successful.

Those receiving assistant's certificates were Reginald C. Montague, of the T. J. Evans pharmacy, and Thomas L. Price and Leo S. Burley of Zanesville.

The next examination will be held in Columbus commencing Tuesday, June 19.

AMBITION SALTS

Gives you a Clear Head and a Good Appetite in the Morning

You need these to start with. You can't do business right if you start the day wrong. AMBITION SALTS is the great rectifier of mistakes of eating or drinking the night before. If you dine "not wisely but too well" take AMBITION SALTS before going to bed. You will wake up in the morning with your head clear, your stomach feeling fine, your eyes bright with the sparkle of health and energy. You will enjoy your work and do it well.

AMBITION SALTS is pleasant to take, acts quickly, no pain or discomfort.

A large bottle at T. J. Evans for only fifty cents and it is guaranteed to be the finest sort of remedy at all times for indigestion, headache, biliousness, constipation, acid stomach, sluggish liver, kidney troubles and malaria. It drives uric acid from the system, makes the blood pure—and pure blood means health.

Now money back on the first bottle purchased from T. J. Evans. If you are not satisfied, mail orders filled, charges prepaid, by the Wendell Pharmaceutical Company Inc., Syracuse, N. Y., manufacturers.—Advertisement.

Three Legged Chicken.
W. East Anderson, residing four miles from this city, discovered a three-legged chicken in a hatching of one of his hens a few days ago, the little thing was as lively as a cricket, but unfortunately one of the hens other than its mother took a dislike and followed it about and when it got a good chance, killed it by pecking it to death.

Universalist Church.
Universalist church services will be held at 92 James street, Thursday evening at 7:30. Rev. J. W. Grimmer of Belleville will speak. All interested in this faith are especially urged to attend as this meeting is hoped to be of important good.

Missionary Society.
The Missionary Society of St. John's Lutheran church of Franklin county will meet at the home of Mrs. Perry Woolard, 4 miles south of Newark on the Jacksonville Pike, Thursday afternoon, May 3.

Church Suppers 35 cents.
Beginning next Saturday the First Presbyterian church suppers will cost 35 cents instead of a quarter. For nearly ten years the Aid Society of the church has furnished every Saturday evening a 25 cent supper but the increasing cost of food products makes it impossible for them to continue at the 25 cent rate. Through the efforts of the First church women in giving these weekly suppers the debt has been reduced \$10,000. At the same time the women have paid out of their supper earnings \$1,924 in interest, taking care of water, gas and electric bills and buying carpets and furniture for the church.

Burglary at Alexandria.
The T. & O. C. depot at Alexandria was entered last night after the agent had left the building and all the drawers were rifled as were boxes containing papers. Nothing has been reported as missing by the agent. The thieves also entered the freight depot but until everything has been checked it will not be known whether anything has been stolen or not.

BIG DEMAND ALL OVER TERRITORY

FOR THE NEW NERV-WORTH
LAXATIVE TABLETS

This new Nerv-Worth remedy is rapidly filling a long-felt want. In itself wonderfully good for the liver and bowels. In combination with Nerv-Worth the tonic of surpassing value.

While the liquid Nerv-Worth accomplishes wonders in regulating the bowels and liver there are users who need further help for these organs and the Nerv-Worth Tablets were formulated with specific reference to the assistance required. They are especially valuable in cleansing the bowels for those whose habits of constipation do not yield readily to the laxative properties of Nerv-Worth the tonic, a cleansing which paves the way for the tonic's most far-reaching benefits. The name Nerv-Worth alone makes the tablets great sellers. Every benefited Nerv-Worth user has a groundwork of faith in the tablets when he knows they are a Nerv-Worth product.

Druggist T. J. Evans sells Nerv-Worth at Newark and hands your dollar back if this famous tonic does not benefit YOU. Ask him for Nerv-Worth Laxative Tablets. 25c a box. The Utica Drug Store sells Nerv-Worth at Utica; the Hebron Drug Store at Hebron; C. S. Howard at Johnstown; W. P. Ullman at Granville. Advertisement. 5-2-4

The yearly report of the Treasurer showed that the club was in prosperous condition. The following officers were elected for the ensuing year:
Edward Kibler Sr., President.
J. R. Fitzgibbon, vice President.
Dan Altschul, Treasurer.
John H. Franklin, Secretary.

Trial Case in Coshocton.
Attorney Joseph W. Horner has returned to the city from Coshocton where he has been for several days engaged in the trial of the case of Ami Cullison vs. Clyde Sproull, as Executor of Martin Wolford, deceased. The suit was brought to recover compensation for services rendered the decedent in taking care of his farm. About \$8,000 are involved in the controversy.

BRITISH WAR DEBT
NINETEEN BILLION
SAYS CHANCELLOR

London, May 2.—Andrew Bonar Law, chancellor of the exchequer, in his speech introducing the fourth war budget in the House of Commons today said that since the beginning of the war \$22,000,000,000 pounds had been advanced to Great Britain's allies and 142,000,000 pounds to her dominions.
Mr. Bonar Law said he had no new taxes to propose and additional taxes only in three cases.
The national debt, Mr. Bonar Law stated, stands at 3,854,000,000 pounds less advances to the allies and dominions. During the war the chancellor added, the national expenditure had been 4,318,000,000 pounds.
The tobacco duty, Mr. Bonar Law stated, would be increased 1s 10d per pound and the excess profits tax raised from 60 to 80 per cent. The 30 per cent excess profits tax was effective from January 1 last, he said.

The government, continued the chancellor, would requisition all ships, and by this means it would take the excessive shipping profits.

UTICA BOY'S LEG BROKEN; WHIRLED WITH WHEEL

Albert Sidwell, five year old son of Mr. and Mrs. William Sidwell of Utica, O., came near losing his life late yesterday afternoon while playing around a farm wagon to which was attached a team of horses. The little fellow had hold of one of the wheels when his clothing caught in some manner and the team starting he was whirled around a number of times before the team was stopped by the driver. The boy was taken home and Dr. F. P. Lewis was called and attended him and this morning he was brought to this city in Schuffer's ambulance of Utica, in charge of Dr. Lewis and Miss Ethel Warner, a trained nurse. Dr. F. P. Martin was called and the boy was taken to the office of Dr. W. E. Boyer, where an X-Ray examination developed that the femur, or big bone above the left knee had been broken. The patient was then taken to the City Hospital, where he will be in charge of Dr. Martin.

LICKING COUNTY IS AHEAD OF OTHERS IN PREPAREDNESS

Eight Newark men attended the meeting of the Ohio Branch, Council for National Defense, in the Senate chamber at Columbus yesterday afternoon. They represented the Chamber of Commerce, the Central Trades Association, and the Public Welfare Association, and the manufacturing interests. The delegation was led by Thomas E. Adams, war food commissioner of Licking county.

The meeting was addressed by Governor Cox and prominent men from all parts of the state. It was developed that the energies of commercial bodies for the coming year would have to be devoted to procuring labor to cultivate the farms and speed up the industrial plants of Ohio to meet their share of the world's demands. Representatives learned that Licking county is as far along in this preliminary work as any county and farther along than many others. The Newark Council will meet shortly to put into effect plans for mobilizing the various agencies to increase production along agricultural and industrial lines.

THE RED CROSS WORK TO BEGIN TOMORROW MAY 3

Dr. W. H. Lewis spoke at the high school on Red Cross work today and arrangements are to be made whereby the students will assist in the making of bandages and dressing for the army.

The headquarters for making dressing will open tomorrow in the Rider I lock above the Schaus grocery. All women are invited to assist. This work will be under Mrs. W. H. Lewis' direction.

The Newark Chapter headquarters, 16 Arcade is open to receive memberships.

Up to last night the membership in the Newark Chapter of the Red Cross numbered 225 but the campaign for memberships has just started.

URGES SHIP INSURANCE.
(Associated Press Telegram)
Washington, May 2.—Secretary McAdoo has recommended to Congress that the powers of the government so as to permit the insuring of lives of officers and men on merchant ships. Liability for loss of life would be placed between \$1,500 and \$5,000 with proportionate indemnity for injuries. Owners of all vessels insured by the government would be required to take out insurance upon the lives of officers and crews.

MASTER SPY TRIED TO BRING ABOUT WAR ALONG BORDER

(Associated Press Telegram)
New York, May 2.—Efforts to embroil this country with Mexico and Japan so as to stop the shipment of munitions from the United States to the entente allies were by this own assertion made by Captain Franz Rintelen of the German navy, according to testimony given here today at his trial on a charge of conspiring with seven other men, Americans, to foment strikes in munition factories and docks.

The testimony was given by John C. Hammond, an advertising man, who said Rintelen came to him with a plan to carry on a pro-German publicity campaign.

"I notified Secretary Timulty and the department of justice of the government when things went this far," Mr. Hammond said. "I wrote a letter saying that Rintelen had stated to me that he was doing all in his power to embroil this country with Mexico, because if this country had war with Mexico it would stop the shipment of munitions to Europe and that it was only a matter of time before German diplomacy would embroil this country with Japan."

Up to this time, Mr. Hammond said, he had spent five or ten thousand dollars "on legitimate advertising propaganda" for Rintelen.

POSTPONEMENT OF PEACE
SPEECH SENDS WHEAT UP

(Associated Press Telegram)
Chicago, May 2.—Reports that the German chancellor's so-called peace speech had been postponed led to sharp upturns in wheat here today. May advanced 17 cents from the low point to \$2.72; July 13 1-2 cents to \$2.22, and September 8 1-2 cents to \$1.87 1-2. The close was near the top.

FRENCH DEPUTIES
WILL QUIZ WAR
MINISTER ON ACTS.

(Associated Press Telegram)
Paris, May 2.—The manner in which the offensive on the Aisne and in Champagne was prepared and carried out will be the subject of a full dress debate likely to be fruitful of incidents, when the chamber of deputies resume its sittings on May 22. In addition to interpellations already announced by Deputies Dalbiez, Diaque and Jean Hennessy, two other deputies, including M. Renard, editor of the Socialist organ, Humanite, have informed the minister of war that they intend to question him on the same subject.

Deputy Diaque, who represents Senegal, will devote himself more particularly to the employment of colored troops. In addition to those already mentioned, Alfred Leroy will interpellate the minister on the working of the ambulance during the offensive.

FAULTY CONSTRUCTION OF
U-BOATS IS CRITICIZED.

(Associated Press Telegram)
Amsterdam, May 2, via London.—The construction of the German U-boats was complained of as faulty by Herr Struve in a secret session of the Reichstag main committee, according to the Berlin Vorwaerts. Admiral Capelle, minister of the navy, replied:

"Herr Struve received his information, which is partly of a secret nature, from the naval front. The member has the right to use such material but the naval officers supplying the information are guilty of a grave offense. Before the war Herr Struve desired that U-boats should be developed only for defensive purposes and Admiral Tirpitz cannot be blamed for the conditions complained of."

KNOX COUNTY SHERIFF
RESCUES MAN FROM
FREDERICKTOWN MOB.

(Associated Press Telegram)
Fredericktown, O., May 2.—Sheriff Mossholder of Mt. Vernon by his timely arrival last night at the scene of a small riot saved M. J. Field, of Minneapolis, from the hands of a mob, who had set upon him because of utterances which the crowd thought unpatriotic. He had been conducting the sale of a shoe company here and left this morning for Minneapolis.

RUSSIAN CITY FLOODED.

(Associated Press Telegram)
New York, May 2.—A dispatch received here today from Petrograd by the Jewish Daily Forward, says that a disastrous flood has overtaken Kremenichug. Kremenichug is a city of approximately 60,000 population on the Dnieper River in the province of Poltava. Recent advances have led to inundations along the lower Don but have not mentioned floods in the vicinity of Kremenichug.

KING URGES ECONOMY.

(Associated Press Telegram)
London, May 2.—King George has signed a proclamation exhorting the people to lessen their consumption of wheat and to practice the greatest economy and frugality in the use of all other kinds of grain.

The proclamation particularly urges the population to reduce their consumption of bread in their families by at least one fourth of the quantity consumed in normal times.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong---According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50%
In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can read even the print without glasses." Another who used it says: "I was bothered with eye strain caused by overwork, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read any more. I have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years I have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription. Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little it is your duty to take steps to save them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "The Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mental excess. I can highly recommend it in case of weak, watery, aching, smarting, itching, burning eyes, red lines, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family." Bon-Opto, referred to above, is not a potent medicine or secret remedy. It is an ethical preparation, the formula being printed on the package. The manufacturers guarantee it to strengthen eyesight to 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good druggist and is sold in 25c and 50c bottles.

SUPERVISE GARDEN WORK THROUGHOUT SUMMER MONTHS

A regular meeting of the school board was held last evening at the superintendent's office in the high school building.

Bills were allowed and four school enumerators were appointed. They were Miss Mary Miller, Miss Helen Uhney, Mrs. Mary Andrews and Mrs. Wm. Reynolds.

An acceptance to deliver the baccalaureate sermon was received from Rev. C. H. Stull, after which Superintendent Wilson Hawkins made a number of recommendations and suggestions for school and garden work. He advised that a summer school of six weeks, commencing Monday, June 18, be established, with hours of from 8 to 11:30 o'clock a. m.

Superintendent Hawkins also recommended that the director of public play grounds have general supervision of all play grounds in the city; that the director of school gardens have charge of the garden work carried on by school children, and that he be assisted in the forenoon by the men employed on the various playgrounds.

The members discussed the propositions thoroughly and will act on Supt. Hawkins' suggestions. It was reported that all gardens in charge of the various schools are in splendid shape and that barring unfavorable weather conditions much vegetables will be raised during the summer.

BROMLEY MEETINGS

(Continued from Page 1.)

a cake of soap there'll be a row. It's a pity church people have to depend on ice cream festivals and oyster suppers to raise a little money to keep the church out of debt."

"Some people would suppose I'd be jealous of Billy Sunday," said the evangelist, "but I'm not. I say 'go to it, Billy.' I believe in letting the other fellow get to the top."

"What are you worshipping," asked Dr. Bromley, "I'll tell you. Go home tonight and look in the mirror and some of you'll see what you've been worshipping." He took a fall out of some of the new ideas and religious sects of later days and declared that a religious revival was needed in many of the big colleges of the United States.

Modern dress, back-biting and gossip were dealt with in full by the evangelist. Many are looking forward to his big lecture on Pleasure.

Thursday evening will be Denison night at the tabernacle. A large delegation of Denison men and women, as well as many of the Granville people, will attend the service in a body. The visitors from the university will bring a band with them, and probably a male quartet.

The crowd will leave Granville at 6:30 o'clock and will return on the car that leaves Newark at 10 o'clock. President Chamberlain has arranged to give Shepards students special permission for these hours.

Members of the Bromley party will address the men and women of the college at their respective chapel services Thursday. Miss Rose Fetterolf and Miss Gladys Ditzell will speak to Shepards girls, and Mr. Wicand and Mr. Harris will attend the Granville college assembly. Here the invitation to the evening rally will be given.

All the former students and alumni of Denison University and present students who live in Newark have been invited. They will assemble at the tabernacle at 6:45 and march in with the delegation.

Last night was Macabee night at the tabernacle and the "bees" turned out in large numbers for the affair. They met at their hall with the Ladies of the order and with their banners and American flag marched to the tabernacle in a body and occupied seats in the center section of the tabernacle.

The young business women occupied front seats. There were more than 200 of these. They came from the Plymouth Congregational church where the third of a series of luncheons was held for them.

The large chorus choir gathered earlier than usual and there was a half hour of practice before the regular service was opened.

Rev. Mr. Evans of Dayton, who went through the campaign there, was present at the service and was called on the platform to say a few words. "I never met a bunch of evangelists to excel those you have in your city now," he said. "I hope you will have no regrets when they leave you. We did not get into the campaign as hard as we should. If you want to see big things get into the campaign."

"The campaign in Dayton was handicapped by the fact that there was another one on at the same time and we were in the poorer section of the town, yet, thus far among the churches that have co-operated there have taken into membership a large number. One church added thus far 140, another 96 and another 92, another 58, one added 54 and a small church in the movement added 20 with more to come."

Yesterday afternoon there was another largely attended afternoon service and Rev. S. B. Goff preached a strong sermon. Following the sermon Miss Fetterolf taught the book of Jude to the Bible study class after which she taught the high school

girls Bible class. Today her subject is "How to Study Prophecy." Tomorrow she will teach on the second coming of Christ and on Friday her subject is "Daniel."

A delegation is expected at the tabernacle tonight from Nashport as well as the women societies of the town and the Knights of Pythias. The King's Herald, 75 strong, are also arranging to attend the services.

Tomorrow night the topic of the sermon will be "Popular Amusements," and Evangelist Bromley expects to speak on the dance, the theatre and cards. A delegation is coming from Mt. Pleasant.

Friday night High school night will be observed at the tabernacle.

FEENEY ACCEPTED AS RECRUIT; TEN DENISON MEN GO

Examinations are being conducted each day in Columbus at the military training headquarters of those who have applied for entrance to the officers' reserve military training camp at Ft. Benjamin Harrison, near Indianapolis.

Among those who have been accepted are T. Ambrose Feeney of this city, who was notified yesterday that he had passed the examination. The war department has notified the headquarters at Columbus that the date of opening the camp has been postponed from May 8 to May 14. Mr. Feeney is a graduate of St. Vincent's college at Pittsburgh, and has studied law.

Denison students are taking the examinations each day and among those who have been notified of their acceptance and registered their withdrawal from the college work are: E. S. Thresher of Kansas City; A. La Rue of East Liverpool; C. E. Metcals of Elyria; H. L. Webb of Philadelphia; A. S. Smith of Hysdaile, Ill.; Wayland Zwyer of Patton, Pa.; G. C. McConaughy of Hillsboro, O.; S. A. Willis of Covington, Ky.; P. S. Tracy of Harvard, O., and Stover Traxler of Butler, O.

DENTISTS FORM UNIT TO AID IN PLANS FOR ARMY

A unit of the dental preparedness league has been formed in the Central Ohio Dental Society, with a former Newark man vice president, Dr. C. B. Emery. Further plans for the work will be taken up at the tri-annual meeting of the Central Ohio Dental society, which is being held at Bayview, Ind. It is expected that the society will co-operate with the Ohio State Medical association, a council of ten members having been called by Gov. James M. Cox to meet with him Friday afternoon in his office at the state house to discuss "measures for the carrying out of army dental provisions."

It is probable that the women's clubs of this country will inaugurate a campaign to the government to prohibit the use of grain for alcoholic beverages.

SPARTANITE

THE ENDURANCE ENAMEL

In the bath and bed rooms it produces an effect that is almost ethereal in its purity. In Hospitals and Hotels, or wherever snow white durability is desired SPARTANITE has never been surpassed.

SPARTANITE is not an imported enamel. It is made right here in America, from American materials and we are willing to have it subjected to the most rigid comparative tests alongside of any enamel from any country.

Specify SPARTANITE. A trial by any practical painter will bring the right answer. Spartanite may also be had in "Old Ivory" and many beautiful colors.

**Spartan
Art Wall
